EXPERIENCE.

Dental Assistant (Full-time)

March 2026 – present

Smile Beautiful Dental

Washington DC, USA

- **Clinical Efficiency:** Utilize four-handed dentistry to assist in diverse general and surgical procedures, ensuring seamless workflow and patient comfort.
- **Digital Workflow:** Perform intraoral scanning to capture precise 3D impressions for diagnostics and prosthetics, replacing traditional manual molds.
- **Laboratory Expertise:** Manage the fabrication of custom night guards and occlusal appliances, including impressions, final fitting, and patient care education.

Dental Assistant (Part-time)

March 2025 – February 2026

Capitol Oral, Facial, and Implant Surgery – Washington DC, USA

- **Clinical Preparation:** Performed sterilization of instruments and prepared treatment rooms for surgical and routine procedures, ensuring clinical readiness.
- **Technical Expertise:** Captured CBCT, panoramic, and periapical X-rays to support diagnostic accuracy and treatment planning.
- **Patient Communication:** Documented patient records and delivered clear post-operative care instructions to support recovery and compliance.

Prosthodontist Assistant

August 2023 – March 2024

Shota Tedoradze Clinic – Tbilisi, Georgia

- **Prosthodontic Support:** Assisted in the creation and fitting of over 50 dental prosthetics, including crowns, bridges, and dentures, ensuring precision and patient satisfaction.
- **Comprehensive Care:** Supported over 100 patient consultations, providing chairside assistance during diagnostic and procedural appointments while maintaining a welcoming environment.
- **Cross-Cultural Communication:** Fostering strong relationships with clients from diplomatic and expatriate communities including members of the diplomatic community such as U.S. Embassy Tbilisi staff, consistently meeting client expectations.
